WAINWRIGHT, WEDNESDAY JULY 17th, 1946

### WAINWRIGHT'S OPPORTUNITY IS HERE

At long last, after a lot of hard work by the town council, Haddin and Miles, Mr. J. MacKenzie, and others we publish the Water and Sewerage by-law, that if approved by the ratepayers, will give Wainwright all the advantages that are to be found in any city, regardless of size.

While this by-law has been upper-most in the minds of us all, it has been through the mill, so to speak. It has been changed, revised, and then changed again, here and there to make it in all compliances with the act.

On reading it over carefully, one might see all the work that is required to prepare a by-law of this nature Mr. J. MacKenzie is to be commended on his splendid work of preparation.

The table of estimated costs of the system are very complete, and readily, at a glance, it is very easy to see just how the money will be spent. The Water end of the cost seems to have a lead of approximately \$5,000.00, over the sewerage system.

The single biggest expense of the water system is the large steel tank that will be required, and the biggest single item of the sewerage system is the Sewerage disposal works.

This by-law has to be ratified by a majority of the ratepayers, and by a majority we mean 66 2/3%, which will mean that a heavy vote in the affirmative will be required.

This paper has stressed the need of this project for some time now and to go into the details would only be a repetition of what has been said before. Surely everyone that lives in Wainwright, that is interested in the town and community, will place their "yes" on the ballot on voting day which is to be Thursday, August 15th.

To many people, the financing of such a huge proposition is beyond all recognition, but we will try and outline some of the highlights. The part of special assessment is the point most people will look at and become most alarmed at.

Wainwright, with its system of 60% assessment, is this time held to the disadvantage. The provincial act requires that an amount can only be borrowed up to 20% of the assessed value of all the property in the community. The amount of money required to give us the water and sewerage system that is outlined, is in excess of this 20% by approximately \$40,000.00, therefore this other \$40,000.00 has to be raised as a special frontage tax. This tax as laid down in the by-law will be 10 cents per lineal foot per year of frontage of the property that the water main passes. One thing that is interesting to point out at this time, is that only lands having the water and sewerage facilities passing their door will be so assessed. Persons not having the access to such conveniences will not have to pay the frontage tax, which is only fair.

This point will be true in effect when some of the die hards in the town cry that it will cost too much, it will raise my taxes. Of course it will raise the taxes, but not to the extent that will be out of all proportion to the ability to pay. For both the water and sewerage facilities the total tax increase will amount to 10 cents per foot of frontage, per service which figures down to \$10.00 per year on a 50 foot lot. Is that so much for some people to cry and wall about, that it will be too expensive at approximately 33 cents a month?

The whole system is designed to be self liquidating in a matter of 30 years, at our present population. This means that at the present population it will pay itself off and not cost anybody a cent, except for values received in convenience, comfort, and health.

The rates set forth in the scale of charges seem to be very fair and just. The rates have been set that the average family will not have to use more than the minimum, but if they do, it will not cost them so greatly, as the water after that first basic charge, will become cheaper per half thousand cubic feet.

The next month will require everybody to pitch in and help place Wainwright in the limelight again, and show that we are a progressive town and that we want to enjoy all the comforts of modern living. Other towns our size, and smaller, have voted "yes" in similar circumstances. Wainwright must do the same or be left behind, never to regain its position as a leader among town its size in the province.

Wainwright is proud of its achievements in the past, and looks to the future with confidence. Citizens, place your vote "yes", and show that confidence. It will never be regretted.

## HEALTH

A HEALTH SERVICE OF THE CANADIAN MEDICAL ASSOCIATION AND LIFE INSURANCE COMPANIES IN CANADA

### BEWARE SUMMER HAZARDS WARNS HEALTH WRITER

"It's our first peacetime summer—let's make the most of it," advises Jean Lambert in an article in the forthcoming summer issue of Health, official journal of the Health League of Canada.

Miss Lambert, assistant to the managing editor of Health, warns against excessive sunbathing, poison ivy, undue fatigue, talk about the dangers of drinking untested water, and unpasteurized milk, and advises vacationists to learn to swim "before you paddle your own canoe."

In regard to sunbathing, the writer advises that it takes a full two weeks to sunbathe safely. First exposure shouldn't exceed 10 minutes in the morning and 10 in the afternoon.

"Unless we realize that a sunburn is a real burn—just as real as though we placed a hand on a sizzling hot stove—we're in for trouble," writes Miss Lambert, as she advises that, while many of the sunbathing jokers on the market help to prevent excessive burning, they are not a cure for burns.

Poison ivy looks like Virginia Creeper, but has three leaves instead of five. It is very irritating—growing meekly in waste places, equally at home in rich woodlands or near bathing beaches. Miss Lambert warns that all parts of the plant—leaves, flower, fruit, bark or roots—are equally poisonous.

Miss Lambert says that this plant's poison can be carried by clothes which have come in contact. Animals walking through the plants also will carry it.

"If you do become involved with poison ivy, don't scratch, and remember that your greatest friend is cheap laundry soap, which gets down to business with the oily poison," advises the writer. "Use soap generously; scrub well with soap and water. Do this under running water several times."

The article warns against the drinking of water which appears clean but possibly could be contaminated. Water is a notorious vehicle for the transmission of serious diseases, but can be made safe by boiling or by chlorinating. Also, the common dipper should be avoided.

Water piped in from a municipality which tests and treats its water is safe, but if that water is put into a cooler, it must be purified in the same way as well or spring water. Home chlorinating outfits or information are available at most provincial health departments.

Vacationists are advised against use of unpasteurized milk, and Miss Lambert suggests that home pasteurization methods be used if milk which has been pasteurized commercially is not available. These home methods can be obtained by writing to the Health League of Canada, 111 Avenue Rd., Toronto, or to your health department. The article emphasizes that the use of milk in its raw state involves unnecessary risk because while milk is one of the best foods available, it unfortunately is easily contaminated by disease-causing bacteria. This applies even to milk produced under the most sanitary conditions. Yes, even clean milk is not necessarily safe.

The article also advises additional salt in the summer diet. There is a salt level in the blood which must be held, and in order to maintain it during summer heat, extra salt is needed to make up for what is lost in perspiration.

By DE. F. J. GREANEY,  
Director, Life Insurance Service, Wainwright, Man.

### "Fair" Time on the Prairies

For many years the country fair has been an important feature of rural life in Western Canada. Now that the war is over it will again take its proper place as one of the greatest of all summer attractions for the prairie farmer and his family.

This year, as in the past nine years, The North-West Line Elevator Association has prepared an outstanding agricultural exhibit for the fair circuit in Western Canada. Under the direction of Mr. J. Seaton, the exhibit has been artistically designed to feature subjects of universal and current interest to farmers.

The central part of the exhibit portrays the ravages of an important group of plant diseases, namely, the seed-borne diseases of cereal crops. The most destructive of these in Western Canada are the smut and the seedling blights and root rots. The fact that most seed-borne diseases of cereals can be effectively controlled by seed treatment is emphasized in the main section of this year's exhibit. In addition, attractive side sections have been prepared on weeds, modern chemical aids in the war against insects and weeds, and on the urgent matter of food conservation and human health.

Mr. Everett Robertson, B.S.A., will accompany the exhibit as agricultural advisor. He will welcome enquiries concerning the work of this Department. These new publications will be found at the exhibit booth: (1) Smut Diseases of Wheat, Oats and Barley; (2) Root Rots of Cereals in the Prairie Provinces; (3) Discoloration of Wheat Heads; and (4) Producer's Grading Guide.

We hope all our readers will visit the exhibit of the Line Elevator Companies' this year. It will be displayed at the following points: Swift Current, July 1-2; Moose Jaw, July 3-6; Calgary, July 8-13; Yorkton, July 15-17; Melfort, July 18-20; Saskatoon, July 21-23; Vegreville, July 25-31; Red Deer, August 1-3; North Battleford, August 5-7; and Prince Albert, August 8-9.

### BUDGET FAVORS LARGE SALARIES

What price wives? Opposition members, studying Finance Minister Aitken's first peace time budget, have just figured out that, under the flat allowances for wives and dependent children, greater benefit goes to taxpayers in the high income brackets than to those on lower salaries.

A \$10,000 year man, if single, has an exemption of \$750 and pays tax of \$2,038 on \$9,250. If married, he has an exemption of \$1,500 and pays \$2,738 on \$8,500.

Thus his wife is worth \$315 to him on an income tax basis.

The \$2,000 a year man, if single, has an exemption of \$750 and pays \$313 on \$1,250. If married he has the \$1,500 deduction and pays \$118.

Thus his wife is worth only \$195 to him on an income tax basis.

Similarly, the big-salaried taxpayer reaps a greater benefit in allowances for dependent children.

Two children take \$513 off the tax of the \$10,000 a year man, but only \$126 off the tax of the man earning \$2,000.—Edmonton Journal.

### SHOPPING LISTS

Haphazard shopping—picking up things on sight and impulse—is not recommended for those who have regard for a careful family budget. The Department of National Health and Welfare advises all thrifty housewives to prepare shopping lists before they start the round of the stores. In this way, it is pointed out, it may be possible to make useful savings, for instance, of some of the Family Allowance cheque. The extra may then be used to provide special treats for the children, without danger of robbing them of the essentials in food, shelter and medical care.

### cial departments of health.

Vacationists are advised against use of unpasteurized milk, and Miss Lambert suggests that home pasteurization methods be used if milk which has been pasteurized commercially is not available. These home methods can be obtained by writing to the Health League of Canada, 111 Avenue Rd., Toronto, or to your health department. The article emphasizes that the use of milk in its raw state involves unnecessary risk because while milk is one of the best foods available, it unfortunately is easily contaminated by disease-causing bacteria. This applies even to milk produced under the most sanitary conditions. Yes, even clean milk is not necessarily safe.

The article also advises additional salt in the summer diet. There is a salt level in the blood which must be held, and in order to maintain it during summer heat, extra salt is needed to make up for what is lost in perspiration.

## If You Are a No.1 Citizen You will look after No. 1...

THIS is not selfishness, but the realization that a community is no better, no sounder than its citizens. The welfare of our community—Canada—depends not alone on those charged with the government of the country, but on each of its citizens—12,000,000 strong.

Today, that welfare is menaced by the danger of inflation. Already, millions in lands devastated by war suffer misery because of it.

Inflation, to the citizen, means simply less and less value for his dollar... his living costs soar as free and careless spending drives up the price of goods still in short supply.

War always brings the threat of inflation in its wake... only the prudence of the people can keep it in check.

How? Mainly, by conservation... by buying only those goods which are in fair supply, and by saving money for the day when goods now in short supply will be readily available.

This helps to keep prices steady—to keep your dollar at its real worth.

This means that, if you are a No. 1 citizen, you will rigidly avoid black market purchases and you will save money by:

- building up your savings account;
- keeping up your insurance;
- buying Government bonds and War Savings Certificates;
- holding whatever of these securities you have bought.

This is conservation—the first requisite for personal security—the first attribute of good citizenship.

## Hints for the Household

### TO TICKLE THE PALATE

Here is a recipe that will appeal particularly to the woman who likes to provide something in the cake line when she serves berries or apple sauce for dessert, but who now restrains this urge in view of the present flour situation. Snickerdoodles supplies the answer to this dual problem—for here only one-half cup flour is called for to turn out many luscious little squares.

**Snickerdoodles**  
¾ cup sifted flour; ½ teaspoon double-acting baking powder; ¼ teaspoon salt; 5 tablespoons butter, melted; ¼ cup sugar; 2 eggs, well beaten; ½ teaspoon vanilla.  
3 tablespoons sugar; ¼ teaspoon cinnamon; ¼ cup finely chopped walnut meats.

Sift flour once, measure, add baking powder and salt, and sift again. Mix butter and sugar, add eggs and vanilla, and mix lightly. Stir in flour. Turn into greased 8 x 8 x 2-inch pan. Combine sugar and cinnamon and sprinkle over top. Cover with chopped nuts. Bake in moderate oven (375°F) 25 minutes, or until done. Cut in squares and serve warm or cold.

### ALL-WAYS SURE OF A WELCOME

"Conserve Wheat" is a Government request. And one of the many ways suggested is to develop uses for stale bread, which might, otherwise be wasted! Well, there's no better way than in the form of a luscious Bread Pudding. Better still, make it a Chocolate Bread Pudding. If you want your "conservation" dessert to taste rava.

**Chocolate Bread Pudding**  
2 squares unsweetened chocolate; 3 cups milk; ¼ teaspoon salt; ¼ cup light brown sugar, firmly packed; 2 egg yolks, slightly beaten; 1½ teaspoons vanilla; 8 slices stale bread, cut in ½-inch cubes.

2 egg whites; 4 tablespoons sugar. Add chocolate to milk and heat in double boiler. When chocolate is melted, beat with rotary egg beater until blended. Add salt. Combine brown sugar and egg yolks; add chocolate mixture gradually, stirring vigorously. Add vanilla. Combine bread and chocolate mixture and let

stand 10 to 15 minutes, stirring occasionally. Turn into greased baking dish, place in pan of hot water, and bake in moderate oven (350°F) 30 minutes, or until almost set. Beat egg whites until foamy throughout; add sugar, 3 tablespoons at a time, beating after each addition until sugar is blended. Then continue beating until mixture will stand in peaks. Pile meringue lightly in mounds to form a border around edge of pudding. Sprinkle meringue with shaved chocolate and continue baking 5 minutes longer, or until meringue is delicately browned. Serve warm or cold. Makes 6 servings.

### A MODERN MUFFIN MIX

Want to know how to prepare an up-to-the-minute muffin mix, amplified by the whole grain food value of bran flakes? Just follow the easy directions given below and the results will be a mix that will keep well in the refrigerator for three weeks. And you may rest assured that after you have tasted the muffins produced from this modern mix, you will certainly see to it that a supply is always on hand so that you can thrifly bake up just enough muffins for a single meal.

**Bran Flakes Muffin Mix**  
3 cups sifted flour; 3 tablespoons plus 1 teaspoon double-acting baking powder; 1 teaspoon salt; ¼ cup sugar; ¾ cup shortening; 6 cups 40% bran flakes.

Sift flour once, measure, add baking powder, salt, and sugar, and sift into large bowl. Cut in shortening with pastry blender or two knives until mixture resembles coarse meal. Add flakes and mix well. Makes about 9 cups mix.

Place in glass jars or crockery bowl; cover lightly with cloth or plate to allow circulation of air. Store in refrigerator or other very cool dry place. Keeps well for 3 weeks.

**To Make Muffins**  
For 7 large muffins, measure 2 cups Bran Flakes Muffin Mix into bowl. Add 2 well-beaten eggs and 2/3 cup milk, then mix only until dry ingredients are dampened. Fill greased muffin pans 2/3 full. Bake in hot oven (425°F) 15 minutes or until done.

### COOKING HINTS

**Milk:**  
In heating milk, use very low heat, do not boil—use a double boiler, if possible. When scalding milk, do not discard the scum that forms on top—it contains valuable milk solids. To prevent milk from sticking during heating, rinse pan with cold water or lightly grease the bottom of the pan. **Cheese:**

Cook cheese at a low temperature. High temperature toughens proteins and therefore makes cheese less easily digested. When making cheese sauce, add cheese at the last and cook only until melted. Any uncooked mixture of cheese, eggs and milk to be cooked in oven, should be oven-poached, that is, placed in a pan of hot water, in a moderate oven. Scalloped or other cheese dishes made with cooked foods should be baked for only sufficient time to thoroughly heat the mixture.

**Fruit:**  
Fruit should be cooked slowly, either simmered, steamed or baked in a small quantity of water. Less sugar will be required, the fruit will be more tender and the flavour better if the sugar is added after the fruit is cooked. Dried fruits should be washed thoroughly before cooking. Soak dried fruit in water to cover before stewing or cook, unsoaked, in a slow oven, in water, closely covered.

**Vegetables:**  
Best methods are baking and steaming. If boiling vegetables (except potatoes) cook, tightly covered, as quickly as possible. In a minimum amount of boiling, salted water until just tender. Potatoes, when boiled, require water to cover. Salt added during cooking helps to preserve colour. Soda should not be added since it destroys vitamins.

Prepare only enough vegetables for one meal and do so just before cooking. Serve as soon as cooked. Use left-over vegetable stock and liquid from canned vegetables in soups, sauces and gravies. For salads, cut or shred vegetables just before serving.

**TO SAVE FATS**  
1. If butter was formerly used in baking cakes, cookies, etc., try other mild-flavoured fats. They will give good results.  
2. Use fats other than butter in making cream sauces for vegetables. If you wish to use butter in some sauces, try cutting the amount called for in the recipe by one-half. Make no other changes.  
3. For table use, make individual servings either as butter-balls or squares.  
4. Use soft butter—it spreads easily and goes further.  
5. For sandwiches, beat ¼ cup milk or water into ½ cup soft (not melted) butter. Butter one slice of the bread with this spread and the other with filling.  
6. Do not put butter on steaks, chops, etc., before serving.  
7. Select recipes for cakes, pudding, sauces, etc., which call for only moderate amounts of fat.  
8. Grease pans with mild-flavoured fats. Save butter and shortening wrappers for this purpose.  
9. Collect every bit of fat and render it down for cooking purposes. Cut away the excess fat from roasts, steaks or chops. Save all meat drippings—they can be used in meat and vegetable dishes and for pan-frying. Do not use butter for pan-frying. Fats from bacon, sausages, spare ribs, etc., are excellent for this purpose.  
10. In roasting meats and poultry, pour off excess fat during cooking, leaving only sufficient fat in the pan for basting and later for making gravy. In this way the fat is not darkened to the same extent it would be if left in pan for full roasting time.

### GETTING A TAN

Those who will set out this year to get a real outdoors tan, are warned by the Department of National Health and Welfare that there is a right and a wrong way of doing it. Initial exposures, sun-bathers are reminded, should be for brief periods only, alternating between sunshine and shade. Don't overdo it, it is urged, and, remember, never try for a quick tan by exposing the body to the noon-day sun.

CANADA IS A

## Moderate Nation

\* \* \*

Moderation is a Canadian characteristic.

It is a heritage of our people. As children, we learn moderation.

As adults, we practice it. As Canadians, we are proud of it.

In spite of post-war temptations to splurge and spend, we have kept our heads. We've acted moderately . . . we have not given in to the natural desire for immediate enjoyment of everything and anything in short supply . . . and that is why, as individuals and as a nation, we are unhampered by the excesses of inflation.

We can point to a fine record. We can point to Canada's future with certainty. But, we can do this only if we continue to live up to our Canadian principles of moderation—moderation in all things.

Men who Think of Tomorrow . . . Practice Moderation Today!

**HEATH**

Mr. and Mrs. Spornits and family have moved into their summer camp at Clear Lake.

Mr. and Mrs. Coleman and family of Hughenden have spent a week camping at Clear Lake and visiting their sister Mrs. Ewart Wiley and her family.

Heath baseball team spent a busy week playing at surrounding picnic events, chalking up two victories and bringing home the prize money from Hope Valley.

Wednesday afternoon was enjoyed by several picnic groups at Clear Lake when the Anglican Sunday School of Wainwright, the Explorers Group of Wainwright and the Old-Timers of Edgerton were out for the day.

Mrs. Stan Murray and son of Wainwright were visiting at the Ford home during the week.

Mr. and Mrs. Paul Pilon and their uncle, Mr. A. Pilon, made a brief trip to Edmonton last week. They will be leaving for their return journey to Montreal at the end of the week.

Miss Lucille Touchette and Miss Evelyn Ford were home from Edmonton to spend the week end here.

Joyce Bartlett enjoyed a visit from her cousins Mona, Joan and Bert Mockford of Wainwright.

Mr. and Mrs. Harry Bouck enjoyed a visit from their brother and his wife, Mr. and Mrs. Charlie Peterson of Hanford, California. On Wednesday about fifty relatives were present for a family reunion, with many of them coming from Irma for the day.

Mrs. Peterson was able to be with them, and accompanied her son to Edmonton for a visit there.

Crops in the district are in excellent condition and with recent rains should fill out well.

Alma Polvin, of Edmonton is a guest at the home of Mr. and Mrs. Lapierre for a few days.

Mr. and Mrs. Fred Ford and guests are away on a motor-trip to Jasper and the Columbia highway.

Myrtyn Jones, Norma Patterson and Rosemary Withnell are attending the Aug. can summer camp at Kapaswin Beach.

Glynn Jones and Sam Wilkinson made a trip to Calgary to attend the Stampede there.

We are sorry to hear that Jack Hughes is ill at his home with an attack of flu.

**FABYAN**

The Fabyan ball team brought home the money from the Roseberry picnic, by winning three straight games, giving them a total of 32 runs.

This much needed rain, over the week end was .74, making a total to date of 5.04 inches, as compared with 3.06 inches a year ago.

Mrs. M. Roth is now the proud owner of a new Maytag washer.

Bob Twedy returned home to Fabyan last Saturday night.

The Smith children returned home Saturday morning, accompanied by Mrs. Weatherall and daughter.

Our local merchant, Walter Adams, has purchased a new brush scythe; we wonder if it will mean competition for Schmelmans' brush cutter.

Mr. and Mrs. James Marchand of Fabyan have as their guests Mr. and Mrs. K. Marchand and Mr. and Mrs. Archie DeMars of Chatham, Ont.

A man achieves according to what he believes.

Gratitude is not only the greatest of virtues, but the parent of all others.—Cicero.

"Eat your bread alone, and you will be fed, but share your loaf if you would know the flavor of good bread."

**EDGERTON**

The marriage of Eleanor Hill, second daughter of Mrs. B. Hill and the late Ben Hill, to Douglas Perry, son of Mr. and Mrs. P. H. Perry of Chauvin, took place in the United Church at Edgerton, Monday, the 8th. The Rev. Hancock of Wainwright performed the ceremony.

The Rev. H. Clegg and family left Monday for Foreburg, his new charge.

Mrs. G. D. Miles of Edmonton is visiting here at the home of her son, Norman.

Mr. and Mrs. J. G. McKay are visiting at the home of their daughter at Kilkenny.

East Edgerton's new building on Second Avenue is well under way.

Two large loads of pipes arrived Saturday for the Edgerton Oil Ltd. The cement mixing truck is already here and work with cementing the casing in will be proceeded with right away.

F. F. McNeil and T. L. Shaw were visitors to Viking Tuesday to a meeting of Freemasons.

Mr. and Mrs. Floyd Kimball are visiting with their parents here.

A very successful Oldtimers' Picnic took place at Clear Lake last Wednesday. The weather was ideal and a good crowd was present. A dance in the Memorial Hall which was well attended rounded off a good day.

Billy Russell and his sister, Mrs. Spicer, left Friday with Les Darby for Banff and Jasper.

Edgerton ball team went to Cadogan Sports Wednesday. There was not time enough to finish all the games and Edgerton and Ritonate split first and second money.

Mr. and Mrs. L. Ecklund from Hardisty were visitors at the W. Miles home.

Mr. C. B. Atkins and his assistant, surveyor from Edmonton, has been busy during the week surveying more building sites.

The new street lighting in the village is partly completed and Thursday night saw them in use. This is very welcome after being without them for so long owing to wartime shortage of material.

A fatal accident on the William James farm at Hope Valley took the life of Henry Martin, Thursday evening. Apparently the tractor he was driving struck a rock and threw him off, the tiller passing over him. The funeral took place at Rosedale cemetery Sunday.

A party of ladies from Edgerton and district chartered the bus Friday evening and called on Mr. and Mrs. Lippert at Wainwright. The visitors presented Mrs. Lippert with a handsome bedspread and a mirror.

Mr. and Mrs. D. Fitzpatrick from Calgary are visiting at the home of Mrs. T. Roberts, her mother.

Mr. and Mrs. Morgan of Vancouver were visitors at the Bullimore home. Mrs. Morgan will be remembered here as Mrs. P. C. Tribe.

Mrs. Frank Roberts and infant left

**Farmers Attention**

Plan now to Modernize the farm with a new

**Under-Ground Storage Tank**

We have been appointed the local agent for these new storage tanks. Do away with gas barrels. Farm the modern way.

**Man Killed On Farm  
Near Edgerton**

Henry Martin, age 49, was killed last week on Thursday, July 11th, as the result of an accident that occurred while the deceased was operating a tractor.

Mr. Martin had been employed for the past two years by Mr. William James who farms 15 miles north of Edgerton. It seems that he had been tilling the land and from information available he must have struck a rock with the tractor wheel, threw him from the tractor seat.

Death came instantly as the tiller that was behind the tractor passed over his body, causing lacerations and broken bones. It is estimated that death occurred sometime between 9:00 and 10:00 p.m.

He was found lying in the field by Mr. George Dorton, another employee of James, as he commenced his day's work about 4:30 a.m. the next day.

He is survived by his wife and four children who were residing in the Edgerton district at the time of the accident.

Mr. Martin was born in Michigan and moved to the Edgerton district in the year 1919. He was married in 1923.

The funeral took place from the Rosedale church on Sunday, July 14th, with Rev. W. Whelan in charge. McLeod's Funeral Parlors were in charge of arrangements.

Coroner Dr. J. Middlemas stated that no inquest would be necessary.

**SHEEPSKIN FLATTS**

Mr. Lee Traynor spent Sunday afternoon with Mr. Geo. Noaks.

Mr. and Mrs. Jones Myer and family visited last Sunday with Mr. and Mrs. L. Tondou.

Mr. and Mrs. Bob Roberts motored to the city last week on business.

(Too Late For Last Week)

After working for two weeks on the oil wells at Lloydminster, Mr. Jones Myer returned home last week. Everyone enjoyed the ball games at the City Edge picnic on Wednesday last. The teams really did play well.

The sheep shears are in the district. I don't suppose the ewes are sorry.

We are pleased to see Fudge Babb back in the district.

Mr. and Mrs. Bob Roberts attended the Abernethy wedding on Wednesday, we wish the bride and groom a long life of happiness.

Miss Elsie and Vita Rasmussen of Lethbridge, B.C. are here on a holiday visiting friends and relatives.

Saturday for the city.

Mrs. Winifred Warrington and son are visiting at the Jimmy Miles home.

**G.T.P. Notice**

**Saturday July 27th**

at the  
**I.O.O.F. HALL**  
At 2:30 P.M.

Election of Officers and other important business will ensue.  
**ALL MEMBERS ARE REQUESTED TO ATTEND.**

**At Your Service**

In 1936—60 years ago—the Dominion Experimental Farms were founded. Starting with five farms the System has since been extended to 34 farms and stations and 210 illustration stations. This System, the largest and most comprehensive of its kind in any country, is maintained, with the other Services of the Dominion Department of Agriculture, for the promotion of agriculture and the national economy of Canada.

As a result of the work carried out in the past by all the Services of the Department in co-operation with the provinces and agricultural colleges, a much greater measure of stability has been given to farming in the Dominion.

Now that the war has ended all the Services of the Dominion Department of Agriculture: Experimental Farms, Science, Production and Marketing—visualize a broader and fuller program of usefulness to the people of Canada. The facilities of these Services are varied and extensive. Everybody in Canada is invited to take advantage of them freely. The Department is always ready to assist in any way in the advancement of the basic industry of Canada—Agriculture.

**Borrowing Can Be  
Good Business**

"Borrowing is sound when it is for constructive purposes and when the loan can be repaid without undue hardship." This is the opinion of Mr. L. W. Smith, local manager of the Bank of Montreal.

"There are many good reasons why people require Personal Loans—to meet emergencies or take advantage of opportunities, to settle worrying debts, for personal needs or to buy household equipment or furniture. There are hundreds of others just as legitimate and I am very much encouraged," says Mr. L. W. Smith, "to see so many people losing their shyness and coming so readily to the Bank of Montreal for Personal Loans for all sorts of personal purposes."

One important reason for this is the very low rate of interest—one-half of 1% a month, which is equal to 2¢ a month for a \$100 loan, repayable in twelve monthly instalments. Equally important is the fact that the Bank of Montreal welcomes small business just as much as it does large.

## NEWS &amp; VIEWS OF TOWN AND DISTRICT

**BORN**—To Mr. and Mrs. Sid Saul of Wainwright at the Wainwright Municipal Hospital on July 14th, a boy.

**BORN**—To Mr. and Mrs. Ivan Pigeon of Wainwright at the Royal Alexandra Hospital in Edmonton, on July 12th, a boy.

Mrs. F. King, Mr. and Mrs. I. Mitchell and Mr. Ivan Pigeon motored to Edmonton over the week-end, guests of Mr. and Mrs. Claude Patterson while in the city.

Mr. and Mrs. C. Alexander and Mrs. Alexander's father and mother, Mr. and Mrs. Fleming of Vancouver, motored to Saskatchewan over the week-end.

Pte. Norman Taylor, Mrs. Jack Reid's brother, received his discharge from the Lake Superior Regt. and is in town visiting relatives and friends in the district.

Mr. and Mrs. C. Stafford and son, Donald, are camping at Clear Lake this week for a holiday.

Billy Freed is on vacation visiting with relatives in Detroit, Mich., U.S.A.

Mr. and Mrs. R. Buckton are enjoying a vacation this week at Cloverdale, B.C.

Mrs. Winnie Long left on Sunday morning's train for Ft. William where she will spend a holiday visiting with her son.

Mr. and Mrs. H. Schlitt were over from Camrose last week to attend the funeral services for the late Mr. J. C. McKenzie and spent a few days visiting friends.

Mrs. J. Harrison, Sr., left at the week-end to visit relatives in Edmonton and plans to visit with her son and family at Wetaskiwin also.

Mr. and Mrs. S. Wilson accompanied by Mr. and Mrs. I. Padon and baby, motored to Red Deer at the week-end, bringing their daughter, Miss Ivelga Wilson, home with them for a holiday.

Mr. and Mrs. Roland Wilkins and children are camping at Clear Lake this week while Roland is on holiday from his duties at the Co-Op Meat Dept.

Mrs. Fred Roberts left Sunday morning to spend the week visiting in the city and will take in the Edmonton Exhibition while there.

## GOSPEL SERVICE

Every Sunday—L.O.O.F. Hall  
SUNDAY, JULY 14th  
Sunday School—1:30 p.m.  
Services—2:30 p.m.  
Everyone Welcome

Dr. and Mrs. Doug Wallace returned at the week-end after a vacation spent at Jasper, Banff and other points west. Dr. Wallace returned to his practice at the University Hospital the first of the week.

Mr. and Mrs. K. Fenby left on Sunday night's flyer for Saskatoon where Keith will represent the Wainwright lodge at the B.P.O.E. (Elks) Convention being held there.

Mr. R. Mulvey and children and Mr. and Mrs. McConn returned on Sunday after two weeks' camping at the lake. Mr. and Mrs. McConn leave this week for their home in Edmonton.

Mr. and Mrs. W. Harley, accompanied by their son, Billy, left on Sunday for Montreal to visit with their daughter, Audrey, who is married and living there.

Mr. and Mrs. Frank Stevenson and family returned at the week-end after a holiday spent visiting in Calgary, Lethbridge and other points in the southern part of the province.

Mr. and Mrs. Austin Kingham and Mr. Cecil Bicker motored to Calgary last week to attend the big annual Stampede there.

Mrs. Dave Krull and children spent a few days visiting in the city last week.

This week's issue sees the beginning of a series of articles written for our farmer friends by Mr. F. Madex, the local field supervisor. These articles will appear from time to time as Mr. Madex will write on important issues that will improve the agricultural condition of the district surrounding Wainwright.

Mr. and Mrs. Kirk Snyder of Edmonton, who are visiting with Kirk's parents, Mr. and Mrs. E. A. Snyder, are camping at Clear Lake this week.

Miss Frances Carroll is away on her annual holiday from her duties as linotype operator at the Star office. She plans to attend the Edmonton Exhibition this week, accompanied by Miss Mary Hedlund.

Through the assistance of Mrs. L. Dahl, former Star employee and Mr. Tommy Watkinson, former Edmonton Bulletin employee, we have managed to produce this edition for this week.

Miss Maureen Norris of Edmonton and Miss Nadine Masaka of Vegreville, who were guests at the Snyder cottage at Clear Lake last week, returned to their homes on Sunday morning's bus.

Mrs. Roy Crumwell and baby were trippers to the city for a few days last week.

Dr. Ben Wheeler was a visitor at the Pawsey cottage at Clear Lake last week.

Mr. J. H. Nisbet, editor of the Maidstone Mirror, Sask., is visitor at the home of his brother-in-law, Mr. and Mrs. Phil May in town. He paid us a visit at the Star office while here.

Mrs. W. A. Steele arrived on the Aquitania last week from Scotland to join her husband here.

Mrs. G. C. Tary, Sr., left last week to spend a holiday visiting relatives in Vancouver.

Mr. and Mrs. J. W. Peacock, accompanied by Mr. and Mrs. Frank McConn, left Sunday on a motor trip to the coast via Jasper and Banff.

Mr. H. MacDonald leaves this week for a holiday of fishing and camping at Cold Lake, Alta.

Mr. and Mrs. L. A. Reynolds and family are visiting this week at the home of his brother, Mr. Geo. Reynolds, having motored here from Ortonville, Minn.

Mrs. E. McLean was a visitor to the Calgary Stampede last week.

Mrs. E. Turner has as her guest Miss Olive Wheeler, R.N., who was a former nurse at the hospital for a number of years. Miss Wheeler motored from Santa Ana, California, and is spending a while in Wainwright renewing acquaintances.

Mr. and Mrs. Lorne Mitchell and children are camping at Clear Lake this week, enjoying the balmy breezes.

Mr. and Mrs. A. T. Gray returned last week from their annual vacation which they spent this year visiting with Mr. Gray's parents in Victoria, B.C.

Mr. and Mrs. Dick McKay were pleasantly surprised on Friday evening last when about a dozen old friends called to pay their respects in honor of that couple's fortieth wedding anniversary. After a social evening a delicious lunch was served by Mrs. and Mr. McKay's daughters, Mrs. E. Walker and John Mitchell.

Miss Hilda Klassen of the M.D. No. 61 staff is enjoying her annual holiday which she is spending at Calgary and Banff.

We are sorry to report Mr. Charlie Thurber of the Treasury Branch staff is a patient in an Edmonton hospital and hope to see him back on the job soon.

Messrs. Clayton and Elmer Iversen of Precision Radio Co. returned last week after a pleasant holiday spent in Ottawa and other points east.

Mr. and Mrs. Smart returned home at the week-end after their annual holiday at the coast.

Mrs. L. Stott is "behind the counter" at Patterson's Store again after a month's vacation spent visiting in Vancouver and other points west.

## DOMINION TEXTILE COMPANY LIMITED

"Cotton... the Master Fabric"

## HAIL INSURANCE

## WHY?

Those crops of yours represent a year's investment of the lives of you and your family. They are the result of an outlay of money and of your own hard work. The vagaries of hail can destroy them and your labour and money will go for nothing unless you have protected yourself with Hail Insurance.

You look to those crops to carry you one year nearer to financial independence and a life less heavy with work and worry. One year of Hail can set back that objective and the continuance of hail strikes down your hopes almost entirely unless you have had the foresight to keep insured against this catastrophe.

The cost measured in terms of an average crop is small and is no excuse for being without the protection. If your crop yield is a bushel less than you had anticipated you think nothing of it, yet you can get a lot of Hail Insurance for a bushel or less of grain.

## WHERE?

Insure with your own Co-operative Hail Insurance Board which gives you greater protection for a longer period than will any other Hail Insurance organization. Buy a policy with these necessary features:

1. An allowance of 100% whenever the Hail damage is more than 80% (about 20% of crops damaged by hail are in this class).
2. Protection to October 1st—usual date of termination is noon September 15th, when if your crop is still standing the hazard is greatest and very little hail will do it badly.
3. Premium payable \$5.00 with application and the balance in the Fall.
4. A reduction in premium if you pay cash with your application and are not halted. (The Board refunded 5% of the premium in 1946 and will pay this much or more in 1947).
5. Backed by sufficient finances to provide for payment in full of all claims for hail damage.

All this is provided for under our Standard Plan of Insurance. For those who want more protection than is available under this plan the Board provides a Pro Rata plan which gives the first two advantages listed above, but under which the amount paid out for losses is dependent upon the amount of the premiums. By using both plans of insurance a policy holder may obtain protection of from \$10.00 to \$15.00 per acre.

Insure your crops with the ALBERTA HAIL INSURANCE BOARD and relieve yourself from worrying about your crops every time a dark cloud appears on the horizon.

## World Of Wheat

## WHEAT YIELDS, STUBBLE AND SUMMERFALLOW

An interesting survey—with 2,758 prairie farmers co-operating—has recently been made on the yields of wheat on stubble and summerfallow fields respectively, for the 1945 crop.

It is found that in areas where yields were definitely lower than average, around 8 bushels on stubble and 10 bushels on summerfallow, that summerfallow yields averaged 104% higher than stubble, but that in areas which enjoyed average yields that is around 12 bushels on stubble and 20 bushels on summerfallow, the summerfallow yielded on the average 74% more than stubble; and that in areas where the yields were definitely higher than the average, that is stubble around 17 bushels to the acre and summerfallow 26 bushels, that summerfallow yielded on the average only 87% more than did stubble.

There are lessons to be learned from this. Apparently in areas which often have low yields then it pays the farmer to sow his wheat only on summerfallow each year, but in areas which usually enjoy average or better than average yields, then summerfallow should only be done occasionally and only as a means of controlling weeds, for obviously if summerfallow yields only 50 to 70 percent over stubble, it is not a paying proposition to sow wheat on summerfallow if it can possibly be avoided.

## ITEMS OF INTEREST IN

## THE WORLD OF FOODSTUFFS

Australia reports that some important areas have not received the excellent rains that fell on other parts of the country. Current stocks of staple foods in France are reported in critically short supply. The British Government has fixed July 21st as the provisional date for the introduction of bread and flour rationing.

The Dominion Bureau of Statistics states that prospects are fair for an average crop in Western Canada this year. Crops in the Manitoba counties are reported to have benefited from recent heavy rains. The U.S.A. wheat crop is now officially forecast at 1,025 million bushels, based on June 1st conditions.

## With The Field Supervisor

By F. W. Madex

## THISTLE TIME

Canada and Perennial Sow Thistle infestations are becoming worse, and more so this season due to increased rain fall over most areas.

Now is the time to check the thistles from blowing and causing further infestation another year. Experimental work has shown that the seed reserves in the root of thistles are lowest just when the plant comes into bloom. This is the weakest stage in the plant's life.

So don't wait until the thistles are ready to blow, but cut and burn them now before the grain is headed out and you can find all the patches of infestation.

If in the event some patches are missed and are located during harvest your neighbor will thank you if you leave them undisturbed in the field and burned later. A combine or threshing machine is the handiest way to spread thistle seeds so let's

## How Housewife Aids the Farmer

From the busiest housewife helps this Dominion Department of Agriculture consultant in a food conservation survey. Compiling results from hundreds of interviews the Department gives farm marketing groups accurate information on the kinds and grades of produce which consumers prefer. Department economists conduct numerous surveys at the request of organic farmers, the food industry and provincial governments.

## Important!

## COAL

will be in short supply next winter.

Contact our agents immediately, while supplies are available.

The Alberta Pacific Grain Co. (1943) Ltd.

## CHILDREN'S HOLIDAYS

Attendance of children at summer camps is estimated on 1,500 grounds by the Department of National Health and Welfare, Ottawa. In a message to Canadian parents, the department draws attention to the value of fresh air and sunshine, which will help build up youngsters for the winter months and suggests that some of the Family Allowance cheque be used for purchase of sports equipment to keep the children healthy and happy.

## POISON IVY

Learn to recognize, so that you can avoid, Poison Ivy, says an announcement by the Department of National Health and Welfare. Poison Ivy may be known by leaves borne alternately on the stem. The leaves are compound, consisting of three similar leaflets, as in the strawberry. They are firm and smooth, with margins entire or variously coarsely-toothed. In early summer clusters of inconspicuous whitish flowers arise from the axils of the leaves, succeeded by round, dull white fruits the size of a field pea.

## FOOD FOR FITNESS

Meals should not be looked upon merely as time when food is taken in quantity sufficient to satisfy hunger, say nutrition experts. From Ottawa, the Nutrition Division of the Department of National Health and Welfare has issued a reminder that it is food quality, more than quantity, which counts in maintaining health. They advise people dining in restaurants as well as those eating at home, to study good intake, to ensure health.

## GREENS FOR SUMMER

Substitution of vegetables for some of the heavier foods is recommended by the Department of National Health and Welfare, Ottawa. The Department's nutrition experts say that bread consumption may be cut down in favour of vegetables, at this time of year, and children will still get all the essential minerals and vitamins. This, too, will fall in with the international effort to curtail use of bread in order to provide life-giving foods for undernourished people in lands less favoured than our own.

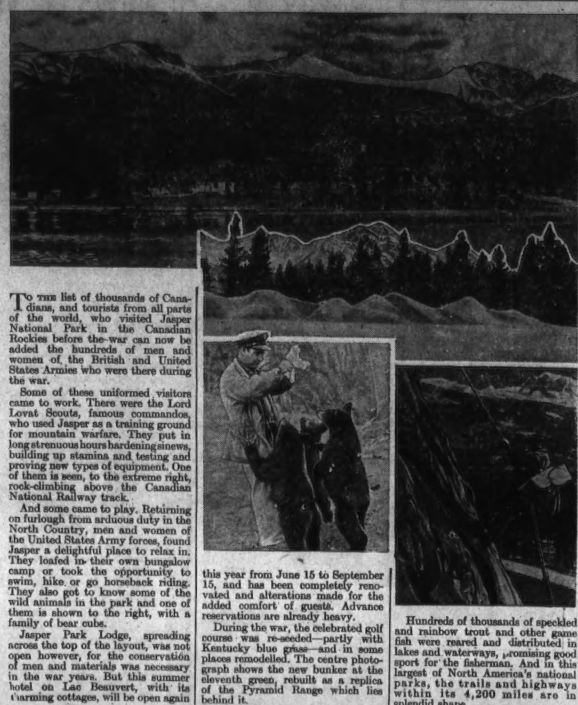

Start now to decrease the weeds and increase the bushels.

I hope the above hints will be of some benefit and if there is any further information you wish to know please contact me by phone or mail at the M.D. of Wainwright office and I will be only too pleased to help you to the best of my ability.

FOR ALL YOUR REQUIREMENTS CONSULT THE WAINWRIGHT STAR

## JASPER PREPARES TO RECEIVE OLD FRIENDS AND NEW

To tens list of thousands of Canadians, and tourists from all parts of the world, who visited Jasper National Park in the Canadian Rockies before the war can now be added the hundreds of men and women of the British and United States Armies who were there during the war.

Some of these uniformed visitors came to work. There were the Lord Lovat Scouts, famous commandos who used Jasper as a training ground for mountain warfare. They put in long strenuous hours hardening themselves, building up stamina and testing and proving new types of equipment. One of them is seen, to the extreme right, rock-climbing above the Canadian National Railway track.

And some came to play. Retiring on furlough from arduous duty in the North Country, men and women of the United States Army forces, found Jasper a delightful place to relax in. They loafed in their own bungalow camp or took the opportunity to swim, hike or go horseback riding. They also got to know some of the wild animals in the park and one of them is shown to the right, with a family of bear cubs.

Jasper Park Lodge, spreading across the top of the layout, was not open however, for the conservation of men and materials was necessary in the war years. But this summer, hotel on Lac Beauvert, with its charming cottages, will be open again.

this year from June 15 to September 15, and has been completely renovated and alterations made for the added comfort of guests. Advance reservations are already heavy.

During the war, the celebrated golf course was re-seeded—partly with Kentucky blue grass—and in some places remodelled. The centre photograph shows the new bunker at the eleventh green, rebuilt as a replica of the Pyramid Range which lies behind it.

Hundreds of thousands of speckled and rainbow trout and other game fish were raised and distributed in lakes and waterways, promising good sport for the fisherman. And in this largest of North America's national parks, the trails and highways within its 4,200 miles are in splendid shape.

## HONORS FOR BIG WAR JOB WON BY C.N.R. MEN

For their part in Canada's war effort, twenty-five members of the Canadian National Railway staff were included in the King's Dominion Day honors list. Each one has either assisted directly in the war while on loan from the company's service or had taken a prominent part in the big task of moving hundreds of millions of tons of war materials and supplies and hundreds of thousands of troops over the C.N.R.

The highest award given by His Majesty, Companion of the Order of St. Michael and St. George went to R. C. Vaughan, chairman and president of the C.N.R. system and to S. J. Hungerford, who retired as president of the C.N.R. in 1941 to assume the responsibilities of president of National Railways Munitions Limited, producers of nearly 5,000 naval guns and pieces of war equipment. Mr. Vaughan organized the Defence Purchasing Board for the Dominion Government just before the declaration of war.

Walter S. Thompson, director of public relations for the system, who handled the press, radio and photographic arrangements for the month-long 10,000-mile tour of Canada and the United States of Their Majesties, the King and Queen, in 1939, was named a Commander of the Order of the British Empire (C.B.E.) for his work in organizing the wartime Department of Munitions and the Department of Public Information for the Dominion Government during the war.

For their war work eight C.N.R. men were made Officers of the Order of the British Empire (O.B.E.). They were W. M. Armstrong, general manager, Canadian National Telegraphs; H. P. Tenk, retired general manager, C.N.S.S.; John Roberts, who was managing director, National Railways Munitions Limited; John Schofield, chief architect who did valuable war work for the Department of Transport, Department of Munitions and Supply, the British Ministry of Aircraft Production and the Royal Air Force Ferry Command; L. C. Thomson, manager of stores, who served as deputy chief, heavy equipment and supply, Department of National Defence; chief, heavy equipment, C.N.C. and D. Low and W. J. Atkinson, of the purchasing department, who were loaned to the Department of Munitions and Supply. Members in the Order of the British Empire (M.B.E.) were given to Col. F. F. Clarke, D.S.O., V.D., retired chief land surveyor and property commissioner, C.N.R. who assisted in the acquisition of sites for airfields, munitions plants and

other war projects for the Dominion Government. R. W. Long, retired general freight traffic manager, D. O. Meyer, customs agent, W. G. Gordon, superintendent of reclamation, and William Cunningham and Leonard L. Price, of the purchasing department, who were loaned to the Department of Munitions and Supply. Two other members of the purchasing department whose services

were loaned to the Canadian Government. They were awarded the British Empire Medal (B.E.M.). They were R. P. Doherty and C. E. W. Morland. Five Canadian National Railway employees on leave of absence were also honored by His Majesty, H. B. Chase and A. R. Mosher both received the C.B.E. and Joseph Corbett, Frank H. Gillespie and John S. McHabb were made M.B.E.'s.

**HABITS AND DISEASE:** The house fly passes directly from filth to human food carrying bacteria and other organisms. It is supreme as a simple carrier of diseases including typhoid, dysentery, diarrhoea, tuberculosis, etc. Blow fly larvae in wounds cause myiasis. **CONTROL:** Clean up possible breeding places such as garbage dumps and manure piles. Manure should be kept in fly-proof receptacles and removed twice weekly. Spread manure thinly in fields to dry or place in compact piles with clean-cut edges to produce heat by fermentation. Spray top layer with one pound of kerosene to six gallons of water. Keep garbage in fly-proof receptacles and destroy by burning. Prevent flies from having access to human faeces. Screen foodstuffs and use sprays, acarols, poisoned baits, etc. Dispose of carcasses and offal by burial or incineration.

# Water and Sewer By-Laws re: Water and Sewer Systems

## BY-LAW No. 470 Of The Town of Wainwright Water By-Law

A BY-LAW TO AUTHORIZE THE MUNICIPAL COUNCIL OF THE TOWN OF WAINWRIGHT TO INCUR AN INDEBTEDNESS ON BEHALF OF THE SAID TOWN FOR THE PURPOSE OF PROVIDING A WATER SUPPLY AND DISTRIBUTION SYSTEM IN THE SAID TOWN.

WHEREAS it is deemed expedient to construct a Water Supply and Distribution System in the said Town, AND WHEREAS plans, specifications and estimates for such work have been made, and prepared by Messrs. Haddin & Miles Limited, Professional Engineers, whereby the total cost of the said water supply and distribution system is estimated to be \$99,807.00, AND WHEREAS in order to construct and complete the said system it will be necessary to borrow the said sum of \$99,807.00 on the credit of the Town by the issuing of debentures of the said Town as herein provided;

AND WHEREAS the said indebtedness is to be repaid over a period of Thirty (30) years dating from the first day of December of the calendar year in which the said debentures are issued, in varying instalments of principal on the first day of December in each of the years 1947 to 1976 inclusive, as set out in Schedule "A" hereto attached, together with interest at the rate of Four (4%) per centum per annum payable annually on the said first day of December in each year, provided that interest only to the first day of December shall be paid in the year of issue and callab at the instance of the Town on the first day of December in any year following the repayment of the tenth annual instalment as hereinafter provided;

AND WHEREAS the whole rateable property of the said Town according to the last revised Assessment Roll is \$806,995.00, AND WHEREAS the amount of existing debenture debt of the Town is \$8,761.00, none of the principal or interest whereof is in arrears;

AND WHEREAS under By-Law No. 472 it is estimated that an annual amount of revenue of \$6000.00 will be collected in water charges from the consumers, \$2000.00 from hy- rental and \$2750.00 in frontage tax under the said By-Law, a total of \$2,750.00, to meet the annual debt payments as set out in the said Schedule "A" and the estimated cost of operation and maintenance of \$4000.00;

AND WHEREAS the estimated life of the proposed system is Thirty (30) years;

AND WHEREAS the proposed water supply and distribution system has been approved by the Provincial Board of Health under Provisional Certificate No. 558;

AND WHEREAS the said water system is to be constructed on or beneath the streets and lanes of the Town of Wainwright;

NOW THEREFORE the Municipal Council of the Town of Wainwright in Council assembled enacts as follows:

(1) THAT the Municipal Council of the Town of Wainwright is hereby empowered and authorized to enter into such contracts and engagements for the construction and/or carrying out of the proposed water supply and distribution system as may be necessary according to plans and specifications provided therefor.

(2) THAT for the purpose aforesaid the sum of \$99,807.00 be borrowed by way of debentures upon the credit and security of the Town of Wainwright at large.

(3) The debentures to be issued under this By-Law shall be for the sum of \$99,807.00 payable as hereinafter mentioned.

(4) The said debentures shall be dated the 2nd day of September, 1946, or upon such date as may be appropriate, having regard to the date of the borrowing of the money, and subject to the right of redemption in advance of maturity as hereinafter set forth, shall be payable in varying instalments of principal on the first day of December in each of the years 1947 to 1976 inclusive, the respective amounts of principal maturing in each of such years being as set forth in Schedule "A" hereto attached which is hereby declared to be and form part of this By-Law. The debentures maturing in each of such years shall bear interest at the rate of Four (4%) per centum per annum as set in said Schedule "A" and such interest shall be payable annually on the first day of December in each year during the currency of the de-

benture, the said interest to be computed from the date of issue of said debentures and the first payment of interest to be made on the first day of December in the year of issue. The debentures shall have coupons attached thereto for the payment of interest. The debentures may be in the denominations of \$500.00 or any multiple thereof, and one debenture of \$307.00.

(5) The debentures and the coupons for interest thereon attached shall be payable in lawful money of the Dominion of Canada at the Bank of Montreal in the Town of Wainwright. The said debentures and the interest coupons attached thereto shall be substantially in the form set forth in Schedule "B" hereto which is hereby declared to be and form part of this By-Law.

(6) The said debentures shall be signed by the Mayor and Secretary-Treasurer of the said Town of Wainwright and the Secretary-Treasurer shall affix thereto the Corporate Seal of the Town.

(7) The coupons attached to the said debenture shall be signed by the Mayor and Secretary-Treasurer of the Town and such signatures may be engraved or lithographed.

(8) The debentures issued under this By-Law at any time outstanding shall be redeemable at the option of the Town in whole or in part at any date on and after the first day of December, 1966 and prior to the maturity thereof, at the place where and in the manner in which the said debentures are expressed to be payable, upon payment of the principal amount thereof together with interest thereon accrued to the date of redemption and upon giving previous notice of such redemption by publishing a Notice of Redemption to the registered holders at their addresses shown in the debenture register of the Town, such notice to be published and mailed as aforesaid at least Sixty (60) days prior to the date fixed for the redemption of the debentures to be repaid over a period of Thirty (30) years dating from the first day of December of the calendar year in which the debentures are issued, in varying instalments of principal on the first day of December in each of the years 1947 to 1976 inclusive as set out in Schedule "A" hereto attached, together with interest at the rate of Four (4%) per centum per annum, payable annually on the first day of December in each year, provided that interest only to the first day of December shall be paid in the year of issue and callab at the instance of the Town on the first day of December in any year following the repayment of the tenth annual instalment as hereinafter provided;

AND WHEREAS the whole rateable property of the said Town according to the last revised Assessment Roll is \$806,995.00, AND WHEREAS the amount of existing debenture debt of the Town is \$8,761.00, none of the principal or interest whereof is in arrears;

AND WHEREAS the proposed Sewer and Sewage Disposal System would serve about 38,000 lineal feet of frontage;

AND WHEREAS it is estimated that an annual revenue of \$3,700.00 will be collected for sewer service charges and an estimated amount of \$3,800.00 by a frontage tax under By-Law No. 478, and that an annual amount of \$2,650.00 will be collected by way of special frontage assessment to meet the annual debt payments and the estimated cost of operation and maintenance of \$1,900.00 annually, and that any sum required to make up any deficit shall be provided by a rate on the rateable property of the Town.

AND WHEREAS the estimated life of the said utility is Thirty (30) years;

AND WHEREAS the construction of the proposed sewer and sewage disposal system has been provisionally approved by the Provincial Board of Health under Certificate No. 538;

AND WHEREAS the said sewer system is to be constructed on or under the streets and lanes of the Town of Wainwright and the sewage disposal system as arranged in and outside of the limits of the said Town;

AND WHEREAS it is expedient that the sum of \$45,000.00 of the said estimated total cost of \$94,105.00 be paid by way of special frontage assessment for local improvements on all property fronting or abutting on or benefiting by the said work as provided by Part VIII of The Town and Village Act, as amended, all of which said sum of \$45,000.00 shall be the owners' portion of the cost;

AND WHEREAS the total value of the land charged with the said special frontage assessment according to the last revised Assessment Roll is \$731,200.00;

AND WHEREAS a notice of its intention to undertake the said local improvements has been duly published as required by Section 282 (C) of the said Act, and no petition has been received against the said project;

NOW THEREFORE the Municipal Council of the Town of Wainwright in Council assembled enacts as follows:

By-law and declare the result thereof. The issue of debentures in accordance with the said By-Law has been approved by the Board of Public Utility Commissioners by Order No. 10663 of the said Board.

## BY-LAW No. 471 Of The Town of Wainwright Sewer By-Law

A BY-LAW TO AUTHORIZE THE MUNICIPAL COUNCIL OF THE TOWN OF WAINWRIGHT TO INCUR AN INDEBTEDNESS ON BEHALF OF THE SAID TOWN FOR THE PURPOSE OF PROVIDING A SEWER AND SEWAGE DISPOSAL SYSTEM FOR THE SAID TOWN.

WHEREAS it is deemed expedient to construct a Sewer and Sewage Disposal System for the said Town; AND WHEREAS plans, specifications and estimates for such work have been made and prepared by Messrs. Haddin & Miles Limited, Professional Engineers, whereby the total cost of the said Sewer and Sewage Disposal System is estimated to be \$94,105.00;

AND WHEREAS in order to construct and complete the said system it will be necessary to borrow the said sum of \$94,105.00 on the credit of the Town by the issuing of debentures of the said Town as herein provided;

AND WHEREAS the said indebtedness is to be repaid over a period of Thirty (30) years dating from the first day of December of the calendar year in which the debentures are issued, in varying instalments of principal on the first day of December in each of the years 1947 to 1976 inclusive, as set out in Schedule "A" hereto attached, together with interest at the rate of Four (4%) per centum per annum, payable annually on the first day of December in each year, provided that interest only to the first day of December shall be paid in the year of issue and callab at the instance of the Town on the first day of December in any year following the repayment of the tenth annual instalment as hereinafter provided;

AND WHEREAS the whole rateable property of the said Town according to the last revised Assessment Roll is \$806,995.00, AND WHEREAS the amount of existing debenture debt of the Town is \$8,761.00, none of the principal or interest whereof is in arrears;

AND WHEREAS the proposed Sewer and Sewage Disposal System would serve about 38,000 lineal feet of frontage;

AND WHEREAS it is estimated that an annual revenue of \$3,700.00 will be collected for sewer service charges and an estimated amount of \$3,800.00 by a frontage tax under By-Law No. 478, and that an annual amount of \$2,650.00 will be collected by way of special frontage assessment to meet the annual debt payments and the estimated cost of operation and maintenance of \$1,900.00 annually, and that any sum required to make up any deficit shall be provided by a rate on the rateable property of the Town.

AND WHEREAS the estimated life of the said utility is Thirty (30) years;

AND WHEREAS the construction of the proposed sewer and sewage disposal system has been provisionally approved by the Provincial Board of Health under Certificate No. 538;

AND WHEREAS the said sewer system is to be constructed on or under the streets and lanes of the Town of Wainwright and the sewage disposal system as arranged in and outside of the limits of the said Town;

AND WHEREAS it is expedient that the sum of \$45,000.00 of the said estimated total cost of \$94,105.00 be paid by way of special frontage assessment for local improvements on all property fronting or abutting on or benefiting by the said work as provided by Part VIII of The Town and Village Act, as amended, all of which said sum of \$45,000.00 shall be the owners' portion of the cost;

AND WHEREAS the total value of the land charged with the said special frontage assessment according to the last revised Assessment Roll is \$731,200.00;

AND WHEREAS a notice of its intention to undertake the said local improvements has been duly published as required by Section 282 (C) of the said Act, and no petition has been received against the said project;

NOW THEREFORE the Municipal Council of the Town of Wainwright in Council assembled enacts as follows:

(1) THAT the Municipal Council of the Town of Wainwright is hereby empowered and authorized to enter into such contracts and engagements for the construction and/or carrying out of the proposed Sewer and Sewage Disposal System as may be necessary.

(2) THAT for the purpose aforesaid the sum of \$94,105.00 be borrowed by way of debentures upon the credit and security of the Town of Wainwright at large but as to so much as is not to be paid by the Town at large, namely \$45,000.00, the Town is to collect the same by way of special assessment as herein provided.

(3) The debentures to be issued under this By-Law shall be for the sum of \$94,105.00 payable as hereinafter mentioned.

(4) The said debentures shall be dated the 2nd day of September, 1946, or upon such date as may be appropriate, having regard to the date of the borrowing of the money, and subject to the right of redemption in advance of maturity as hereinafter set forth, shall be payable in varying instalments of principal on the first day of December in each of the years 1947 to 1976 inclusive, the respective amounts of principal maturing in each of such years being as set forth in Schedule "A" hereto attached which is hereby declared to be and form part of this By-Law. The debentures maturing in each of such years shall bear interest at the rate of Four (4%) per centum per annum as set out in said Schedule "A" and such interest shall be payable annually on the first day of December in each year during the currency of the debenture, the said interest to be computed from the date of issue of said debentures and the first payment of interest to be made on the first day of December in the year of issue. The debentures shall have coupons attached thereto for the payment of interest. The debentures may be in the denominations of \$500.00 or any multiple thereof, and one debenture of \$307.00.

(5) The debentures and the coupons for interest thereon attached shall be payable in lawful money of the Dominion of Canada at the Bank of Montreal in the Town of Wainwright. The said debentures and the interest coupons attached thereto shall be substantially in the form set forth in Schedule "B" hereto which is hereby declared to be and form part of this By-Law.

(6) The said debentures shall be signed by the Mayor and Secretary-Treasurer of the said Town of Wainwright and the Secretary-Treasurer shall affix thereto the Corporate Seal of the Town.

(7) The coupons attached to the said debentures shall be signed by the Mayor and Secretary-Treasurer of the Town and such signatures may be engraved or lithographed.

(8) The debentures issued under this By-Law at any time outstanding shall be redeemable at the option of the Town in whole or in part at any date on and after the first day of December, 1966 and prior to the maturity thereof, at the place where and in the manner in which the said debentures are expressed to be payable, upon payment of the principal amount thereof together with interest thereon accrued to the date of redemption and upon giving previous notice of such redemption by publishing a Notice of Redemption to the registered holders at their addresses shown in the debenture register of the Town, such notice to be published and mailed as aforesaid at least Sixty (60) days prior to the date fixed for the redemption of the debentures to be repaid over a period of Thirty (30) years dating from the first day of December of the calendar year in which the debentures are issued, in varying instalments of principal on the first day of December in each of the years 1947 to 1976 inclusive, as set out in Schedule "A" hereto attached, together with interest at the rate of Four (4%) per centum per annum, payable annually on the first day of December in each year, provided that interest only to the first day of December shall be paid in the year of issue and callab at the instance of the Town on the first day of December in any year following the repayment of the tenth annual instalment as hereinafter provided;

AND WHEREAS the whole rateable property of the said Town according to the last revised Assessment Roll is \$806,995.00, AND WHEREAS the amount of existing debenture debt of the Town is \$8,761.00, none of the principal or interest whereof is in arrears;

AND WHEREAS the proposed Sewer and Sewage Disposal System would serve about 38,000 lineal feet of frontage;

AND WHEREAS it is estimated that an annual revenue of \$3,700.00 will be collected for sewer service charges and an estimated amount of \$3,800.00 by a frontage tax under By-Law No. 478, and that an annual amount of \$2,650.00 will be collected by way of special frontage assessment to meet the annual debt payments and the estimated cost of operation and maintenance of \$1,900.00 annually, and that any sum required to make up any deficit shall be provided by a rate on the rateable property of the Town.

AND WHEREAS the estimated life of the said utility is Thirty (30) years;

AND WHEREAS the construction of the proposed sewer and sewage disposal system has been provisionally approved by the Provincial Board of Health under Certificate No. 538;

AND WHEREAS the said sewer system is to be constructed on or under the streets and lanes of the Town of Wainwright and the sewage disposal system as arranged in and outside of the limits of the said Town;

AND WHEREAS it is expedient that the sum of \$45,000.00 of the said estimated total cost of \$94,105.00 be paid by way of special frontage assessment for local improvements on all property fronting or abutting on or benefiting by the said work as provided by Part VIII of The Town and Village Act, as amended, all of which said sum of \$45,000.00 shall be the owners' portion of the cost;

AND WHEREAS the total value of the land charged with the said special frontage assessment according to the last revised Assessment Roll is \$731,200.00;

AND WHEREAS a notice of its intention to undertake the said local improvements has been duly published as required by Section 282 (C) of the said Act, and no petition has been received against the said project;

negotiated sums as shown as yearly payments on Schedule "C" hereto attached, and there is hereby imposed on all lands fronting or abutting on that portion of the streets or places whereon the said sewer system is to be laid or benefitting therefrom, a special assessment sufficient to cover the owners' portion of the cost of the said work and the interest thereon, and the said special assessment shall be in addition to all other rates and taxes including any frontage tax levied under Section 306 of the said Act.

(11) The said indebtedness contracted on the credit and security of the Town of Wainwright at large but as to so much thereof as is not to be paid by the Town at large the Town is to collect the same by way of special assessment as herein provided.

(12) This By-Law shall take effect on the date of the final passing thereof.

J. G. MIDDLEMASS Mayor

DON PAWSEY Secretary-Treasurer

Schedule "A" Synopsis  
Schedule "A" to By-Law No. 471 sets out the yearly amounts of principal and interest payable, the rate of interest and the total yearly payments averaging \$5014.15.

Schedule "B" Synopsis  
Schedule "B" to By-Law No. 471 sets out the form of debenture, form of coupon and provision for redemption.

Schedule "C" Synopsis  
Schedule "C" to By-Law No. 471 sets out the yearly amount of principal and interest, the rate of interest and the total yearly payments averaging \$2597.33, to be raised by way of special assessment as provided in paragraph No. 10 of the said By-Law. The said yearly payments are included in the amounts set out in Schedule "A" to the said By-Law.

NOTICE  
Take Notice that the foregoing is a true copy of proposed By-Law No. 471 (and a synopsis of the Schedules thereto) which has been introduced in the Municipal Council of the Town of Wainwright and will be finally passed by the said Municipal Council within four weeks from the date of the two-thirds of the proprietors' vote of the said Town who have voted thereon and that the vote of the proprietors of the said Town for and against the said By-Law will be taken on

THURSDAY, the 15th day OF AUGUST, 1946

at the Town Hall in the said Town of Wainwright and that the poll will be open for such purpose between the hours of 10:00 o'clock in the forenoon and 7:00 o'clock in the afternoon of the same day and that I shall attend in the place aforesaid at the hour of 7:00 o'clock in the afternoon of the said day, sum up the votes for and against the said By-Law and declare the result thereof. The issue of debentures in accordance with the said By-Law has been approved by the Board of Public Utility Commissioners by Order No. 10666 of the said Board.

DONALD PAWSEY Returning Officer

BY-LAW No. 472  
Of The Town of Wainwright  
Water Rates and Frontage Tax By-Law

A BY-LAW OF THE TOWN OF WAINWRIGHT TO ESTABLISH A SCALE OF FEES OR RATES WITH RESPECT TO THE OPERATING AND MAINTENANCE OF A WATER SUPPLY AND DISTRIBUTION SYSTEM IN THE SAID TOWN AS PROPOSED IN BY-LAW No. 470 AND FOR THE LEVYING AND COLLECTING OF THE SAME AND TO PROVIDE FOR THE LEVYING AND COLLECTION OF A FRONTAGE TAX.

WHEREAS the Municipal Council of the Town of Wainwright deems it necessary to make provisions for the levying and collecting of certain rates or charges to meet the cost of maintaining and operating the said proposed water supply and distribution system, together with the payment of the annual instalments of principal and interest of the debenture issue of \$99,807.00 to be borrowed for the construction and completion of the said system;

AND WHEREAS the proposed water supply and distribution system would serve approximately 37,500 lineal feet of property avail-

able for frontage tax as provided for in "The Town and Village Act" and amendments thereto;

NOW THEREFORE the Municipal Council of the Town of Wainwright in Council assembled, enacts as follows:

(1) THAT every person, firm or corporation being the owner, or the occupant of property which is served directly or indirectly by a connection with the water supply and distribution system of the said Town of Wainwright, shall pay monthly to the said Town the water rates set out as follows:

For the first 300 cubic feet (approximately 1875 gallons) - \$2.75  
For the next 300 cubic feet (approximately 1875 gallons) - 40c. per hundred cubic feet.  
Over 600 cubic feet, 20c. per hundred cubic feet.

(2) The Council may vary the said rates or any of them from time to time.

(3) A discount of Five (5%) per centum shall be allowed on every half dollar on all accounts if paid on or before the 10th day of the month.

(4) The services herein provided for may be disconnected on default of payment of rates. The charge for reconnection shall be \$1.00.

(5) A Consumer's deposit of \$3.00 shall be made on application for service, which fee shall be refunded on discontinuance thereof, less any amount owing to the Town for the service.

(6) The minimum monthly charge shall be \$2.50 net.

(7) Any unpaid water rates charges provided for under this By-Law shall constitute debts recoverable by action in any Court of competent jurisdiction or by distress upon and seizure of the goods and chattels of the owner or occupant of the property served, and when in default shall constitute a lien against the property and shall be subject to the same penalties and collectable in the same manner as other taxes levied by the Town.

(8) There shall in addition to the rates set out above, be levied under Section 306 of the said Act a frontage tax on the several lands abutting on that portion of the streets or places whereon the water mains are to be laid or may hereafter be laid and according to the number of lineal feet thereof of the several lands measured along the abutting portion at a uniform and equal rate of ten cents per lineal foot per annum, provided that where several parcels of land abut on the water system some of which appear to call for a smaller or larger proportionate levy on account of being corner lots or being of a different size or shape from other parcels of land, such exceptional parcels and/or parcels may be assessed as having a smaller or larger number of feet abutting thereon than they actually have, so that each parcel of land abutting on the water system shall bear a fair, just and equitable proportion of the cost of the water supply system.

(9) The Council of the Town of Wainwright shall have the right to determine into what classification any service belongs, or the number of feet abutting on the water main for which a levy shall be made. This By-Law shall take effect on the date of the final passing thereof.

READ A FIRST TIME and passed provisionally in Council this 2nd day of July A.D. 1946.

J. G. MIDDLEMASS Mayor

DON PAWSEY Secretary-Treasurer

NOTICE  
Take Notice that the foregoing is a true copy of proposed By-Law No. 472 which has been introduced in the Municipal Council of the Town of Wainwright and will be finally passed upon the final passing of proposed By-Law No. 470 (Water By-Law)

(DONALD PAWSEY Returning Officer

BY-LAW No. 473  
Of The Town of Wainwright  
Sewer Rates and Frontage Tax By-Law

A BY-LAW OF THE TOWN OF WAINWRIGHT TO ESTABLISH A SCALE OF FEES OR RATES WITH RESPECT TO THE OPERATING AND MAINTENANCE OF A SEWER AND SEWAGE DISPOSAL SYSTEM IN THE SAID TOWN AS PROPOSED IN BY-LAW No. 471 AND FOR THE LEVYING AND COLLECTION OF THE SAME AND TO PROVIDE FOR THE LEVYING AND COLLECTION OF A FRONTAGE TAX.

WHEREAS the Municipal Council of the Town of Wainwright deems it necessary to make provisions for the levying and collecting of certain rates or charges to meet the cost of maintaining and operating the said proposed sewer and sewage disposal system, together with the payment of the annual instalments of principal and interest of the debenture issue of \$94,105.00 to be borrowed for the construction and completion of the said system;

AND WHEREAS the proposed sewer supply and distribution system would serve approximately 37,500 lineal feet of property avail-

able for frontage tax as provided for in "The Town and Village Act" and amendments thereto;

NOW THEREFORE the Municipal Council of the Town of Wainwright in Council assembled, enacts as follows:

(1) THAT every person, firm or corporation being the owner, or the occupant of property which is served directly or indirectly by a connection with the sewer system of the said Town of Wainwright, shall pay monthly to the said Town the sewer rates set out as follows:

For Dwellings, per family - \$1.50  
For Apartments, per apartment or suite - 1.50  
For Stores, and Offices per commercial unit - 1.50  
For Hotels - 25.00  
For Theatres - 5.00  
For Restaurants - 5.00  
For Garages, each - 3.00  
For Schools, each - 15.00  
For Creamery - 25.00  
For Lodges & other Halls - 1.50  
For Hospital - 25.00  
For Laundries - 3.00  
For Dry Cleaning Establishments - 1.50  
For Convents & Dormitories - 20.00

(2) No discount shall be allowed on any of the foregoing rates. Any service not specially listed in the foregoing schedule of rates shall take a minimum basic rating of Thirty-five and one half (37½) Cents per One Hundred cubic feet of water used per month, with a minimum charge of One Dollar and Fifty Cents (\$1.50) per month, and shall be paid at the same time and in the same manner as the ordinary water rates.

(3) The Council may vary the said rates or any of them from time to time.

(4) Any unpaid sewer service charges provided for under this By-Law shall constitute debts recoverable by action in any Court of competent jurisdiction or by distress upon and seizure of the goods and chattels of the owner or purchaser of the property served, and when in default shall constitute a lien against the property and shall be subject to the same penalties and collectable in the same manner as other taxes or rates levied by the Town.

(5) There shall in addition to the rates set out above be levied and collected under Section 306 of the said Act, a frontage tax on the several lands abutting on that portion of the streets or places whereon the sewer is to be laid and according to the number of lineal feet thereof of the several lands measured along the abutting portion at a uniform and equal rate not exceeding Ten (10c) Cents per lineal foot per annum, provided that where several parcels of land abut on the sewer system, some of which appear to call for a smaller or larger proportionate levy on account of being corner lots or being of a different size or shape from other parcels of land, such exceptional parcels and/or parcels may be assessed as having a smaller or larger number of feet abutting thereon than they actually have, so that each parcel of land abutting on the sewer system shall bear a fair and equitable proportion of the cost of the whole sewer system.

(6) The Council of the Town of Wainwright shall have the right to determine into what classification any service belongs, or the number of feet abutting on the sewer main for which a levy shall be made. This By-Law shall take effect on the date of the final passing thereof.

READ A FIRST TIME and passed provisionally in Council this 2nd day of July A.D. 1946.

J. G. MIDDLEMASS Mayor

DON PAWSEY Secretary-Treasurer

NOTICE  
Take Notice that the foregoing is a true copy of proposed By-Law No. 473 which has been introduced in the Municipal Council of the Town of Wainwright and will be finally passed upon the final passing of proposed By-Law No. 471 (Sewer By-Law). The said sewer service charges have been approved by the Board of Public Utility Commissioners by Order No. 10667 of the said Board.

DONALD PAWSEY Returning Officer

## New Securities To Be Offered This Fall

### CANADA SAVINGS BOND

The Minister of Finance announced  
in the House of Commons that in re-  
sponse to public demand the Govern-  
ment will offer a new security, the  
Canada Savings Bond, for purchase  
this fall. The Canada Savings Bond  
will replace both the Victory bond  
and the War Savings Certificate that  
were formerly offered as securities  
designed for the investment of per-  
sonal savings. The new security will  
be similar in most details to the Vic-  
tory bond. It will be available to the  
general public through banks, trust  
companies and investment dealers al-  
though there will be no organized  
door to door campaign as in the past.  
A payroll savings plan will be avail-  
able to employers who wish to oper-  
ate it.

In announcing these peacetime sav-  
ings facilities the Minister referred  
to study that had been given to the  
subject following the Ninth Victory  
Loan. It is understood that a survey  
taken last November showed that a  
large number of employers represent-  
ing approximately one million em-  
ployees were in favor of continuing  
a payroll savings plan. A second sur-  
vey indicated that 82% of past buy-  
ers of War Savings certificates and  
Victory Bonds plan to buy Govern-  
ment securities if available.

Although Mr. Halsey predicted wide  
spread acceptance of the Canada Sav-  
ings bond, he emphasized that the  
launching of this security could not  
be considered as another "Victory  
Loan". Sales of these bonds are not  
expected to cover the Government's  
total borrowing requirements, he  
said. He indicated that a substantial  
part of these requirements would be  
met by public offerings of the usual  
type at appropriate times. Mr. Halsey  
pointed out that for this and other  
reasons, it was not practicable or de-  
sirable to recall the National War  
Finance committee to duty or to

## Announcement

We wish to announce that  
we have taken over the  
beauty parlor formerly  
known as

**Doris' Beauty Shop**

We invite your continued  
patronage

**IRENE MILLS**

**RUTH SCHOWALTER**

build up the large organization of  
salesmen which would be needed for  
a house-to-house canvass. The initia-  
tive for purchasing the Canada Sav-  
ings bond will fall, for the most part,  
with the people themselves.

The Canada Savings bond will be  
issued in denominations of \$50, \$100,  
\$500 and \$1000, and will be redeem-  
able on demand at chartered banks  
at 100% plus interest. While the  
terms are not yet known, Mr. Halsey  
indicated that they would be more  
favorable than the terms existing for  
comparable investments at the time  
of issue. The Canada Savings bond  
will therefore be registered as to prin-  
cipal in the name of the holder and a  
limit will be set on the amount which  
can be purchased by any individual.  
"I have no doubt that Canadians will  
see in the Canada Savings bond a de-  
sirable successor to the Victory bond,"  
stated Mr. Halsey. "But it is also im-  
portant that Canadians see in them-  
selves the successors to the Victory  
bond salesmen for they will be re-  
sponsible in a large part for the initia-  
tive in making their own purchases."

| 21. Sewage Disposal Works  | 17,600.   |
| 22. Land and Right-of-Way  | 1,000.    |
| 23. TOTAL ESTIMATED COST OF SEWERAGE SYSTEM  | \$94,193. |

NOTE:—The above figures include an allowance of 10% to cover cost of  
contingencies, supervision and overhead.

## Campaign Against Insects Has Begun

HUNDREDS of kinds of destructive insects which have been dormant  
for months are becoming active and preparing to attack farm and garden  
crops, forest, stored produce, man and animals. Entomologist, Dominion  
Provincial, are now ready with counter measures for control. The  
Dominion Dept. of Agriculture's National Collection of Insects and its  
associated library and laboratories has an essential part in the insect control  
organization. It maintains the bureau of identifications and classification  
of insects to assist the entomologist, the farmer, the gardener, the forester  
and the warehouseman.

## CALL AND SEE THE Massey-Harris Rite-Way Milker

We have one of these machines  
set up at the warehouse and can  
install it on your dairy or farm.  
This machine is consider-  
ed one of the outstanding  
labor saving machines  
ever to be made.

## Bacon - 25c lb.

The Frozen Food Locker Plant per-  
mits many other services. Meat smok-  
ing is one service. It is claimed by a re-  
liable source that the Brooks, Alberta,  
Locker Plant will butcher a hog, cut  
it up, cure and smoke it and wrap it in  
preparation for storing in your locker  
for only 7c per lb.

Packing plants pay you 18c per lb.  
dressed weight for your hog. In other  
words your bacon and other pork pro-  
ducts cured and stored in your Co-Op  
Locker Plant would cost you 25c per  
lb. more or less.

TOWN HOUSEHOLDERS could  
buy a dressed hog weighing 150 lbs.,  
costing 18c per lb. and take advantage  
of the above.

What do you pay for bacon and pork  
products today?
